FRAMELESS BI-FOLD GLASS PARTITION

Quality Architectural
Hardware Specialist

Frameless Bi-fold Glass Partition

ESTRON brand Frameless Bi-fold Glass Partition specially designed for the increasing demand of the need for spaces in the now constrained residential homes. With no rails and bottom track, the system catches the eye of any guest to the home almost immediately with the exquisite appearance. Transparency of glass can also make any home looks more spacious, which is the advantage of SF-50
